

ATTENTION ALL CRANBERRY GATHERING REGISTRANTS!!!

OK, this is what our first class, A1, top 'o the line registrar, Mr. Carl Shannon, is asking everyone who is planning to come to the Cranberry Gathering to do:

1. Please pick the workshops you are most interested in, and note the **number** of each one.
2. Then, start an e-mail message with your name and the **numbers** of the workshops you think you will attend.
3. Use this for the Subject Line: **Workshop Registration**
4. Send your email to: **cranberrygathering@localnet.com** as soon as you can.
5. Says Carl, "Yup, it's as easy as that!"

P.S. That super-duper, one of a kind registrar says he knows that each and every one of these workshops is going to be incredibly interesting and noteworthy and you will therefore experience a great dilemma when picking and choosing (*it's totally impossible to set up a schedule that will allow everyone to do everything that they'd like to do, but that's part of what makes it all so great!*). So, you don't have to feel that these choices are etched in stone, immovable, or unchangeable. **If you want to make a switch when you're actually at the Cranberry Gathering, you're perfectly free to do so.** It's just that, for planning purposes, we need to get an idea of how many will be attending each workshop.

Thanks in advance for helping us out!
